

EAN code
iTP 10"/A: 8595188135382

Technical parameters

iTP 10"

Display

Type:	color TFT LCD
Resolution:	1280 x 800 dots/16.7 M
Aspect ratio:	16:10
Visible area:	217 x 135 mm
Backlight:	active (white LEDs)
Touch screen:	capacitive
Diagonal:	10.1"
Control:	touch
Viewing Angle:	± 85 °

Power supply

Supply voltage:	PoE IEEE 802.3af (Active PoE)
Power consumption:	max. 12 W

HW

CPU:	A20 ARM Cortex-A7 DUAL-CORE
RAM:	1GB DDR3 SDRAM
SD card:	Android
Network:	LAN: 10/100
AUDIO:	microphone, speakers
Connections:	PoE power connector - RJ45

Operating conditions

Operating temperature:	0 to +50 °C
Storing temperature:	-20 to +70 °C
Protection degree:	IP20
Overvoltage category:	III.
Pollution degree:	2
Operation position:	any
Installation:	Into the pre-prepared opening anywhere in the interior (245 x 160 x 30 mm)/ with the appropriate installation frame as well as the glass
Dimensions:	325 x 174 x 35 mm
Weight:	1226 g

- 10" touch panel designed to control iNELS.
- Black aluminum frame chassis in combination with glass.
- Integrated speakers and microphone are primarily designed for intercom operation.
- Connection to the local area network can be done with Ethernet connection with PoE power supply - Active Poe (IEEE 802.3af).
- Android for iHC (iNELS Home Control) applications.
- Update applications over the Internet.
- The panel also includes a cover that also serves as a mounting frame.
